

DEPARTMENT OF BIOCHEMISTRY

Govt. Nagarjuna PG College of Science, Raipur (C.G.)

DEPARTMENTAL INFRASTRUCTURE & LEARNING RESOURCES

The Department of Biochemistry provides academic, practical, instrumental, library, ICT and research facilities to support UG and PG teaching, hands-on laboratory training, experiential learning, project/dissertation work and research-oriented activities.

S.No	Facility	Available Resources
1	Departmental Library	100+ books
2	Biochemical Analysis Lab	02 Distillation Units; chemicals & glassware
3	Instrumentation Lab	02 Spectrophotometers; 05 Colorimeters; 01 pH Meter , Conductivity Meter, 02 Digital Weighing Balance, 03 Electrophoresis, Chromatography, Deep Freezer, Gel Imaging System, Centrifuge
4	Microbial Analysis Lab	01 Laminar Air Flow; 01 Autoclave; 02 Incubators; 02 Hot Air Ovens; 01 Magnetic Stirrer
5	Research Laboratory	Microbial Research Lab; established 2017
6	ICT Academic Support	LCD/projector, internet & online resources

The departmental facilities are intended to provide a continuous learning pathway from classroom concepts to practical application, instrumental analysis, research exposure and scientific communication. The facilities are utilized in teaching, practical classes, student projects/dissertations and research activities.
